UNIVERSITY OF FLORIDA TRANSCRIPT EXPLANATION

In accordance with the Family Educational Rights and Privacy Act of 1974, as amended, this transcript is released to you on the condition that it will not be made available to any other party without the written consent of the student.

Accreditation:

The University of Florida (UF) is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award the degrees of bachelor, master, specialist and engineer, as well as doctoral and professional degrees. UF is a member of the Association of American Universities and is recognized by the Carnegie Commission on Higher Education as one of the nation's leading research universities. Courses at the University of Florida, with the exception of specific foreign language courses, are taught in English. Regardless of the method of delivery, all courses offered by UF meet academic standards as put forth by the UF Faculty Senate, the State of Florida, the Southern Association of Colleges and Schools, and the U.S. Department of Education.

History:

The university traces its origins to 1853 when the state-funded East Florida Seminary acquired the private Kingsbury Academy in Ocala. After the Civil War, the seminary was moved to Gainesville. It was consolidated with the state's land-grant Florida Agricultural College, then in Lake City, to become the University of Florida in 1906.

Calendar and Credit Hours:

Course credit hours are recorded in semester hours or quarter hours. Refer to the information box in the upper right-hand corner of the transcript to determine the type of credit hour. Before September 1967, the university operated on both the semester and trimester systems. The unit of credit was a semester hour, representing one hour per week of lecture and two or more laboratory hours per week for a 16-week semester or a 14-week trimester, or its equivalent in the summer terms. In September 1967, the university converted to the quarter system. The quarter hour represented one hour per week of lecture and two or more laboratory hours per week for an 11-week quarter. The summer quarter had a five-week and a 10-week session. In August 1981, the university adopted a modified semester system. The semester credit hour represents one hour of lecture or two or more laboratory hours per week for a 16-week semester. The summer term has two 6-week sessions and one overlapping 12-week session.

Academic Standing:

The student is in good standing and is eligible to reenter the University of Florida unless a statement appears on the transcript to indicate otherwise.

Course Numbering System:

1000 – 2999	Lower-level undergraduate courses
3000 – 4999	Upper-level undergraduate courses
5000 – 8999	Graduate and Professional courses

All UF courses are identified by prefixes and numbers that are assigned by Florida's Statewide Course Numbering System (SCNS). This common numbering system is used by all public postsecondary institutions in Florida and by participating non-public institutions.

Repeat Course Policy:

University of Florida course work that is repeated is counted in the computation of a student's UF grade point average as many times as grades for that course are recorded, although credit hours will be awarded only once. However, when a student earns a C or higher in a course, repeats that course and earns a C or higher on the subsequent enrollment, the new grade is neither computed into the UF grade point average nor awarded additional credits. Students who enter UF with credit by exam course equivalencies who then repeat the equivalent course at UF will receive a grade for the UF course and no credit for the prior work.

Transfer Credit:

Transfer credit may include courses that are not acceptable for certain degree programs.

Test Score Acronyms:

CLAST = College Level Academic Skills Test

CLAST was required by state statute from August 1984 to August 2010 of all students entering the upper division. The four subtests recorded on the transcript include essay (E), English language skills (W), reading (R) and mathematics (M). The CLAST exam was eliminated in July 2010. Students met the requirement through designated coursework and/or ACT/SAT scores.

Classification of Undergraduate and Graduate Students:

- 0 Non-degree students, including special transient, certificate and high school students
- 1 Freshmen with fewer than 30 credits
- 2 Sophomores with 30-59 credits
- 3 Juniors with 60-89 credits
- 4 Seniors with 90-120 credits
- 5 5th-year undergraduates in 10-semester degree programs
- 6 Post-baccalaureate students
- 7 Graduate students seeking a first master's degree
- 8 Graduate students with a master's degree, or 36 or more credit hours toward a graduate degree, who are not admitted to doctoral candidacy
- 9 Graduate students who are admitted to doctoral candidacy

Authentication:

The face of this transcript is printed on blue security paper with the name of the institution appearing in white type continuously over the face of the entire document. It also bears the university seal and the signature of the University Registrar on the face of the document. A raised seal is not required. When photocopied, the words COPY COPY COPY appear horizontally across the face of the entire document. A black and white document is not authentic and should not be accepted as an official University of Florida academic transcript. When this paper is touched by fresh liquid bleach, an authentic document will stain.

Sum Total Cumulative hours earned

UF Cum GP Cumulative UF grade points

UF Cum HC Cumulative UF hours carried

The UF cumulative GPA is based on the student's most recent academic program of study. Satisfactory and unsatisfactory grades are not calculated into the UF grade point average. Beginning September 1978, the university's grading system has included plus grades; in May 2011 minus grades were added. Effective Fall 2004, a grade of S is equivalent to a C or better. The GPA includes only UF work and is calculated by dividing the cumulative number of grade points by the cumulative number of hours carried. The UF GPA is displayed to the hundredths place and is not rounded. The grading system is applicable to degree and nondegree students. Nondegree coursework will not show UF credit earned on the UF transcript.

The College of Law implemented plus grades in Fall 1972. Law grade point averages for Fall 1972 through Fall 1978 must be obtained from the College of Law. Law faculty implemented a mandatory grade curve of 3.15 to 3.25 for the first year law students in Spring 2003 and for the rest of the student body in Summer 2003. The prior suggested curve was 2.8 to 2.95.

Course Type Notations:

F	Grade forgiven	R	Repeated course; no credit
G	Not applicable to degree; no credit	V	Vocational course; no credit
L	Credit below acceptable level	Y	Advanced placement
M	Repeated course; credit allowed	Z	CLEP credit
